AADYA GLOBAL HEALTHCARE PVT. LTD.
(NABH Accredited for Medical Value Travel Facilitator)

Bringing health & happiness to the world

- Our service model is built on ethical practices and a patient-centric approach
- Our mission is to facilitate ethical healthcare by facilitating price transparency, technical innovation, and flexible choices and options for patients around the world.
- Known for our service-oriented approach, "Patient Delight" is what we strive for.
- Our medical travelers and partner hospitals work seamlessly together to ensure a matchless patient experience with 100% on-ground assistance
- Responding to patients' inquiries is our priority using the Patient First approach
- Keeping your hassles at bay, we integrate both social and economic aspects of globalised healthcare
- Reduce the cost of healthcare for patients who cannot afford it
- By providing solutions that aren't available locally, we are able to save lives (99% success rate)

Aadya Global Healthcare Mission

Our mission is to provide patients globally with affordable access to world-class healthcare that inspires hope and promotes health and well-being.

With comprehensive medical services based on the highest international standards, Aadya strives to provide healthcare excellence.

- Providing patients with high-quality, transparent, and affordable healthcare
- Our highest priority is to ensure the health & safety of our patients, so we select hospitals, doctors, and medical institutions that are accredited according to international standards
- Our mission is to provide patients with customised treatment options at the best hospitals, based on their specific needs
- In order to ensure that medical tourists feel comfortable, we strive to make them satisfied and happy
